EXPERIENCE

ADDINN TUNISIA   Ariana, Tunisia

FullStack Developer | Java/JEE, Angular   *July 2022 – January 2025*

FTUSA platform:
- Design and development of a claims management platform, reducing case processing time.
- Implemented a simplified document storage module, increasing user productivity.
- Created a fast file retrieval interface, enhancing user experience.

FreightSure - Insurance Solution for Freight Transportation:
- Implemented Java APIs for real-time tracking of freight transport.
- Integrated dynamic dashboards, reducing reporting delays.
- Improved data management, enhancing the accuracy of analyses.

Smart Claim :
- Designed and developed a web application dedicated to claims management and tracking.
- Implemented an automated workflow, reducing claims processing time.
- Optimized the process, resulting in an overall reduction in handling time.

Digi-Recovery platform:
- Designed and developed an automated platform for bank debt recovery management.
- Optimized platform performance, enabling faster execution of critical operations.
- Improved debt recovery processes, significantly reducing processing times.

Environment: Java JEE (SpringBoot), Angular, JavaScript, Tomcat, PostgreSQL, Activiti, Kafka, KeyCloak, Kubernetes, Docker, GitLab, JIRA, SCRUM.

SKILLS

Technologies & Langages : Java/J2EE (Spring Boot), Services Web (SOAP, REST), JavaScript, TypeScript (Angular), HTML/CSS (Angular Materiel, Bootstrap,Tailwind), API (Swagger UI, OKTA, OpenSSL, Stripe).
Tools & DevOps : IntelliJ, Eclipse, NetBeans, Git, GitLab, Maven, Tomcat, Docker, Kubernetes, JIRA, Keycloak, Activiti / Alfresco ECM.
Databases : PostgreSQL, MySQL, MongoDB, SQL Server, Oracle.
Design & UI/UX : UI/UX , Figma, Canva.
Testing & Monitoring : JUnit, Mockito, Prometheus, Grafana, Loki, Tempo.
Methods & Quality : Agile (SCRUM), Clean Code, SOLID, Design Patterns.
Languages : Arabe (natif), Français (B1), Anglais (B1), Allemand (A2).

EDUCATION

HIGHER INSTITUTE OF COMPUTER SCIENCE OF MEDENINE
- Professional Master's Degree in Software and Knowledge Engineering
- Bachelor's Degree in Computer Science

CERTIFICATION

OPENEDG PYTHON INSTITUTE
- Python Essentials 1   *2025*

NATIONAL FEDERATION OF DIGITAL - UTICA - TUNISIA
- Certificate of Specialization in Frontend Web Application Development   *2025*

UDEMY
- Full Stack: Angular and Java Spring Boot E-Commerce Website   *2022*
